The iSURE program provides opportunities for international undergraduate and Master’s students to participate in research projects at the University of Notre Dame. Students will gain valuable, hands-on experience and exposure to real-life scientific problem solving and learning by working closely with faculty and graduate students on a variety of cutting-edge projects.

The iSURE program is open to all international students who are enrolled as undergraduate or Master’s students in a university outside the U.S. On campus housing is provided for all iSURE students throughout the program as well as a series of activities and events to engage iSURE cohort with other summer students. Some signature events are:

- Face-to-face Q&A sessions with Graduate Admissions Committee of certain departments
- Field trip to Chicago and visit Chicago’s most iconic attractions
- Evening events: speed-friending, scavenger hunt, ice-skating, star-gazing, etc.
- Research poster/presentation sessions
- Interaction and discussion with Notre Dame undergraduate students
2 - Month Program Dates

**China:** Sunday, July 5 – Saturday, August 29, 2020
